

Priority landscapes/hubs revealed by Ian's corridor prioritization scheme

8-28-23

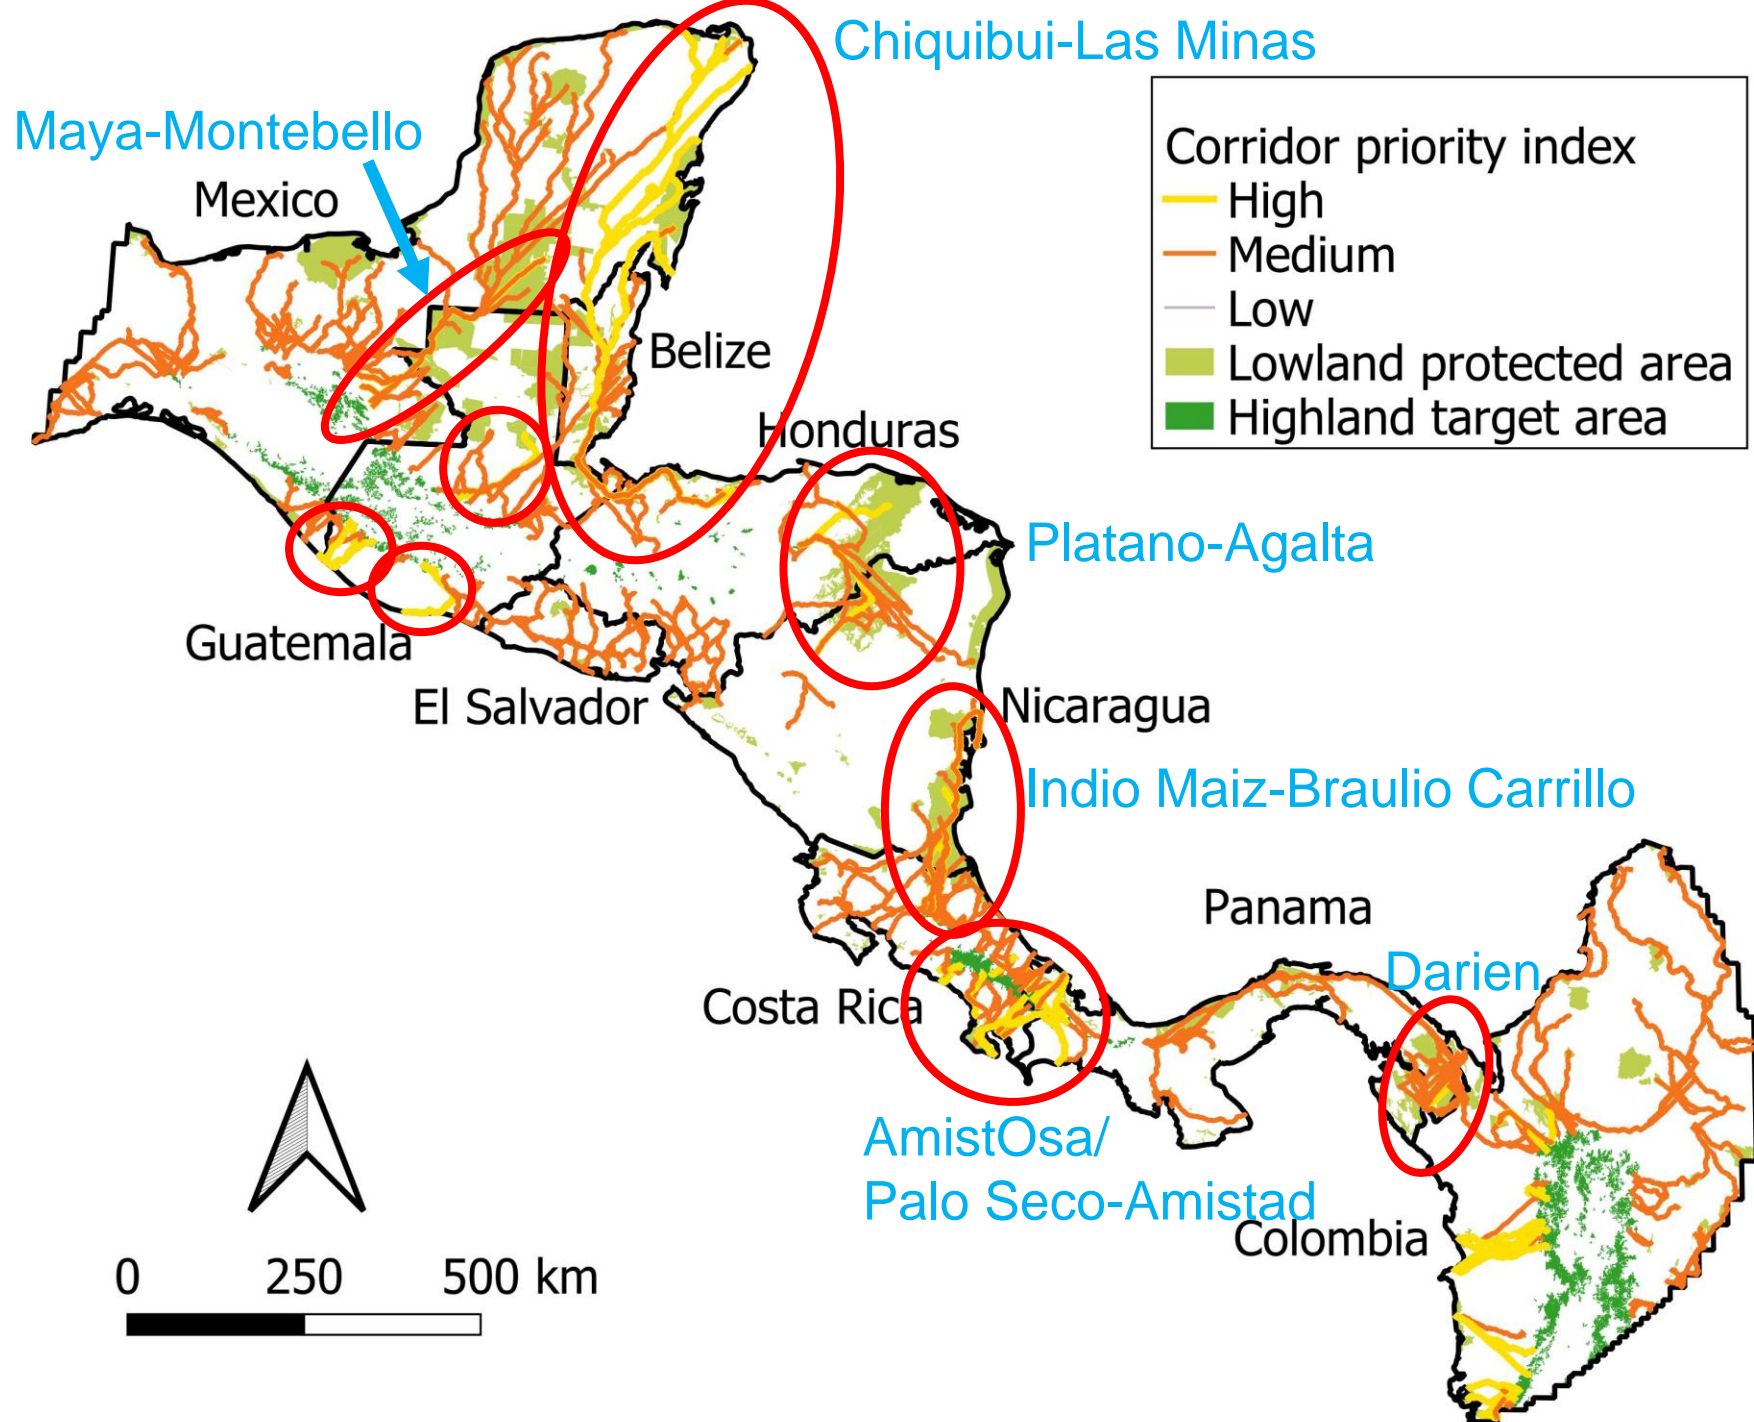

### New

- SW Guatemala
- Larger Chiquibui Las Minas

### Out

- El Salvador
- Volcan-Botija (western Nicaragua)
- Guanacaste-Tenorio (NW Costa Rica)

### New

- SW Guatemala
- Larger Chiquibui Las Minas

### Out

- El Salvador
- Volcan-Botija (western Nicaragua)
- Guanacaste-Tenorio (NW Costa Rica)

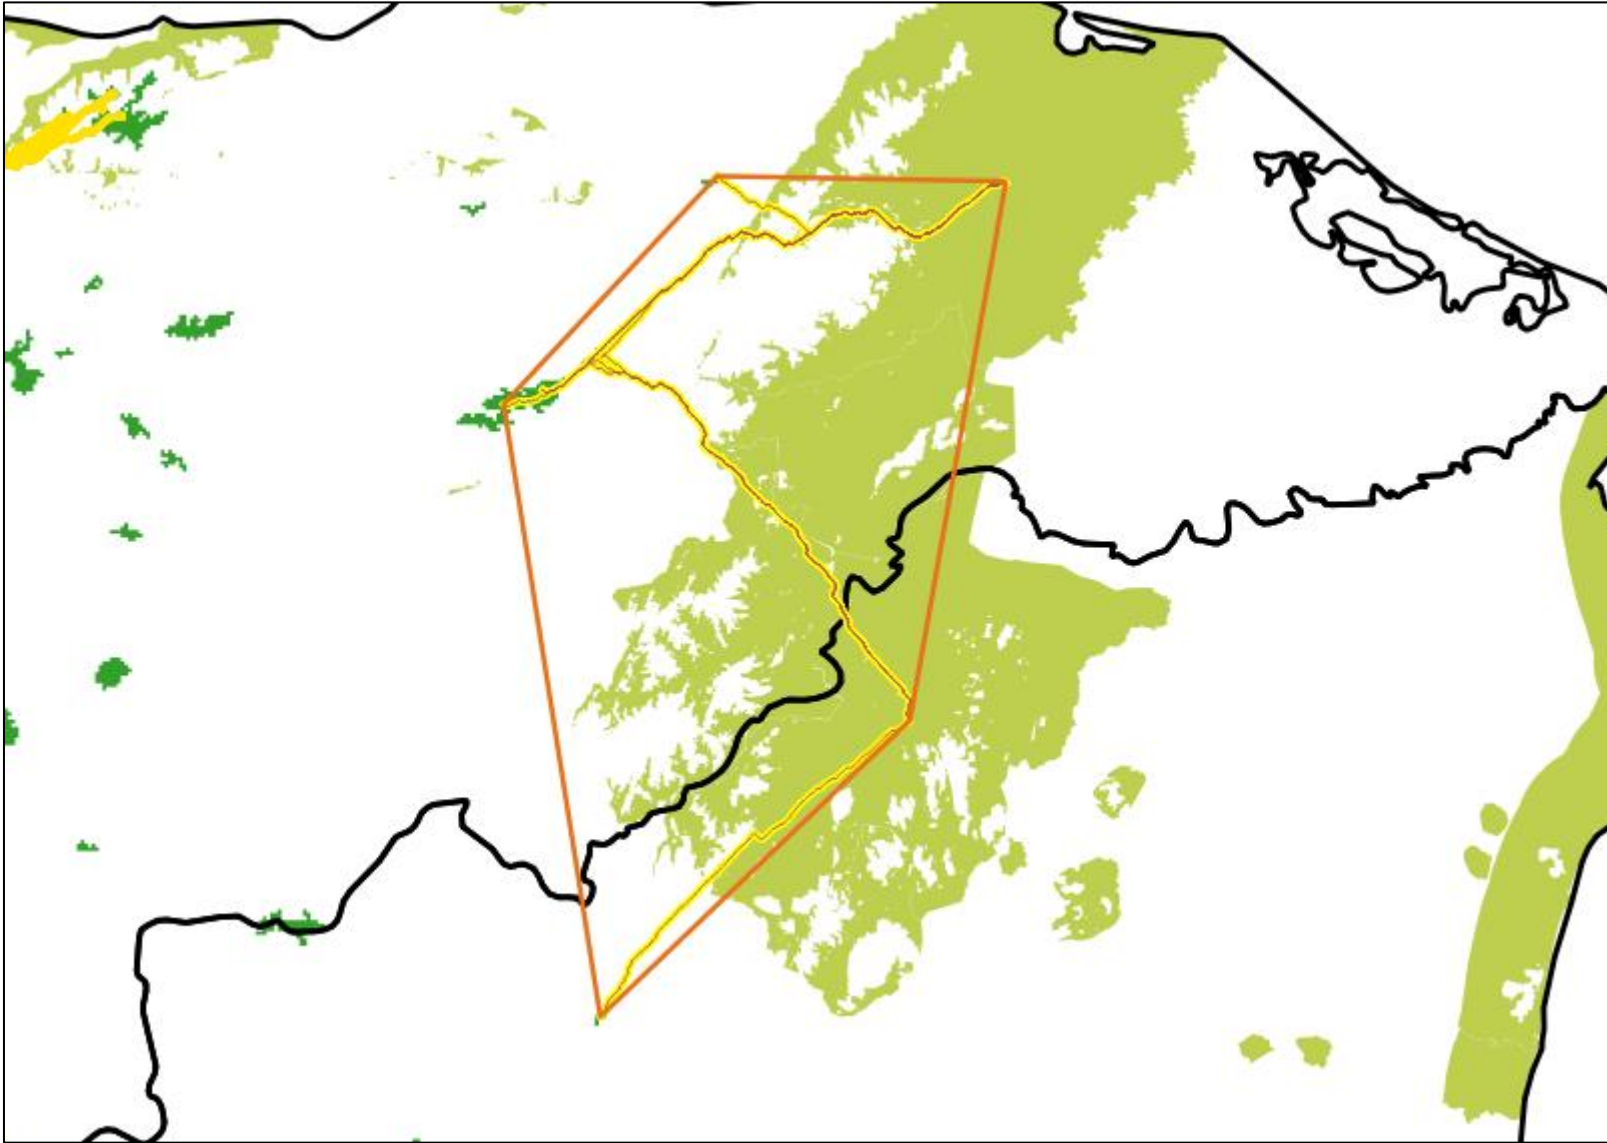

Same map, but with medium-priority corridors shown

### Climate lifeboats from brochure

1. Maya-Montebello Landscape
2. Chiquibui-Las Minas Landscape
3. Complejo-Jilguero Landscape
4. Platano-Agalta Landscape
5. Volcan-Botija Landscape
6. Indio Maiz-Braulio Carrillo Landscape
7. Guanacaste-Tenorio Landscape
8. AmistOsa Landscape
9. Palo Seco-Amistad Landscape
10. Darien Landscape (not shown in this map)

Possible approach for delineating priority landscapes: select least cost paths of interest and create a minimum convex hull around them. This could be further buffered to increase the area.

This example is based on the Platano-Agalta region in Honduras and Nicaragua.
